KLEB STIFT

#5

welcome to klebstoff no.5! this time hosted by the infamous lodown magazine. enjoy a potpourri of visual stunts by a roster of international and local artists. this issue is actually quite themeless, but in the making we found a lot of skulls, sex references and satanic shit on our table of content. that's why we had to restrict it and had to put this expansive shrink wrap around to protect the innocent customers. remember stickers are a sport, a manifest, a tool and not only for kids, don't just leave 'em in this book - make them seen and stick 'em up!

sincerely yours
the klebstoff and lodown crew
